

# The Global Catholic Climate Movement

*"On climate change, there is a clear, definitive and ineluctable ethical imperative to act"* (Pope Francis)

In December 2015, world leaders will meet in the U.N. COP21 summit at Paris with the goal of signing a treaty to tackle climate change. Sign this petition to urge our political leaders to commit to solve this urgent climate crisis. **To world leaders:** *"Climate change affects everyone, but especially the poor and most vulnerable people. Impelled by our Catholic faith, we call on you to drastically cut carbon emissions to keep the global temperature rise below the 1.5°C dangerous threshold, and to aid the world's poorest in coping with climate change impacts."*
